Alabama has not conducted survey in last couple of years. In FY00, AL DMH/MR conducted adult outpatient and family consumer satisfaction surveys using "non-MHSIP" survey instruments developed/modified in-house by DMH/MR with consumer input. Four areas were identified for improvement. The AL DMH/MR elected to utilize consumers and family teams as a means for focused family interviews to take place, and to gain insight into recommended improvement strategies. As part of the recommendations for improvement, AL DMH/MR has adopted use of the MHSIP Adult and Youth surveys. These instruments were used in the consumer satisfaction surveys conducted in May 2003 and will be reported in the URS data for FY03.
